INSTITUTE OF ADVANCED MANAGEMENT & TECHNOLOGY PVT. LTD.

MOST TRUSTED
INTER-UNIVERSITY
CREDIT MAPPING INSTITUTION
IN INDIA

ABOUT EDUACHARYA

EduAcharya Institute of Advanced Management & Technology Pvt. Ltd. is one of India's most trusted student guidance and academic facilitation centers, headquartered in Kochi, Kerala. Incorporated under the Ministry of Corporate Affairs, Government of India, EduAcharya has carved its niche in helping students seamlessly transition between UGC-approved universities through structured and transparent credit mapping systems. With a focus on quality, credibility, and student success, we empower learners to continue their academic journey without losing years of effort.

We are one of the most trusted institutions in India for inter-university B.Tech credit mapping, direct university admissions, and student support for higher education. With a focus on career continuity and academic upliftment, EduAcharya provides seamless pathways for students who wish to restart and complete their education.

With a strong academic partnership with UGC-approved universities, EduAcharya enables students to transfer their existing academic credits and pursue recognized degrees without starting over. Whether students faced interruptions due to personal, academic, or financial reasons, we provide them a legitimate path to complete their education and move forward confidently.

EduAcharya stands as a beacon of hope for students across India. Whether you're looking to complete your education, pursue higher studies abroad, or explore new academic pathways, EduAcharya helps you get there-with clarity, confidence, and care.

Vision

To help students restart and complete education through trusted guidance, credit mapping, and globally recognized, future-ready university pathways.

Mission

To provide ethical, expert academic guidance through credit mapping and direct admissions, ensuring student success in education and global careers.

Values

- ❖ Ethical
- ❖ Excellence
- ❖ Success
- ❖ Commitment

MESSAGE TO STUDENTS

Education doesn't stop with failure, it begins again with hope. Every student deserves a second chance, a new chapter, and the right guidance to write their own success story. At EduAcharya, we believe your dreams are never too late, your goals are never too far, and your potential is never lost.

With the right support, you can restart, transfer, and complete your degree without compromise. We're not just facilitators; we're your academic mentors, your motivators, and your loudest cheerleaders.

AIM & OBJECTIVES

EduAcharya aims to empower students by providing legitimate, accessible, and streamlined pathways to complete their higher education. Our core objective is to ensure that academic breaks, or institutional barriers do not limit a student's potential.

By partnering with UGC-approved universities and following a transparent credit mapping process, EduAcharya bridges the gap between discontinued education and degree completion. We are committed to guiding students through every step from academic counseling and documentation to university coordination, ensuring they receive recognized qualifications that open doors to global opportunities. Our mission is to redefine second chances in education with authenticity, accountability

CREDIT MAPPING

Credit mapping is a structured academic evaluation and credit transfer process that allows students to use the academic work they've already completed—even discontinued or incomplete B.Tech/Degree programs. This process involves systematically assessing the subjects a student has already cleared and matching them with equivalent subjects in a UGC-approved university curriculum.

Instead of starting over from the first semester, students can continue their education from where they left off. This saves valuable time, and effort, while maintaining academic legitimacy and continuity.

At EduAcharya, we specialize in facilitating this process through our partnerships with recognized and government-approved universities. Our academic experts analyze your existing transcripts, mark sheets, and subject records, then align them with compatible university programs.

This ensures a legally valid and migration-friendly degree pathway, accepted for higher education, jobs, UPSC exams, and even international credential evaluation (AIU/WES) opening the door to global opportunities and career success.

How EduAcharya Helps Students

ACADEMIC CONTINUITY

Students who had discontinued their studies due to personal reasons, break years, or other challenges can resume from where they left off—without restarting from the first semester or losing progress.

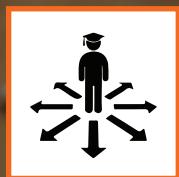

UGC-APPROVED

Maps your completed credits with UGC- approved universities, making your degree valid for government jobs, higher studies, and international credential evaluations like AIU, WES, and more.

SAVE TIME

By transferring already cleared subjects, students skip unnecessary repetition, saving semesters and speeding up degree completion making education more efficient, cost-effective, and focused on what's left to complete.

PERSONALIZED GUIDANCE

We offer one-on-one counseling, helping with academic planning, university selection, credit mapping, documentation, and coordination ensuring a smooth journey from evaluation to final university enrollment.

How The Credit Mapping Process Works At Eduacharya

The Credit Mapping process is a structured and transparent method that helps students continue their discontinued or incomplete B.Tech/Degree programs without starting from scratch.

Document Submission

Students share their academic records for evaluation.

Credit Matching

Completed subjects are matched with UGC-approved university syllabus.

University Suggestion

Suitable universities are recommended based on the mapped credits.

Admission Support

EduAcharya helps to complete all admission procedures.

Degree Completion

Students finish the remaining semesters and receive a valid, UGC-approved degree.

OUR UNIVERSITIES

BIR TIKENDRAJIT UNIVERSITY MANIPUR, INDIA

Bir Tikendrajit University (BTU) Manipur, India is a state-legislated private university, fully recognized under the UGC Act and approved by the University Grants Commission (UGC) and BCI. It is also a member of the Association of Indian Universities (AIU), ensuring national and international academic equivalence.

BTU offers a wide range of programs across disciplines like B.Tech, B.Sc., BA, B.Com, BCA, BBA, MSc, MCA, MA, M.Com, MBA, M.Tech, and Ph.D., along with diploma and certificate courses in humanities, pharmacy, management, science, law, and emerging domains.

All Engineering programs follow AICTE norms, upholding high academic standards. The university adopts blended learning, outcome-based education, and problem-solving pedagogy to build creativity, critical thinking, and workplace readiness.

BTU is an ideal partner for credit mapping and direct admissions, offering UGC-compliant and globally recognized degree pathways aligned with EduAcharya's mission of academic re-entry, educational continuity, and international student mobility.
